hello

My name is Jenn Thrower, I'm a Warkworth, Ontario based photographer and graphic designer. Thank you for your interest in my business!

I'm truly passionate about photographing weddings because it's one day full of happy emotions, bringing families together in celebration of two people who love each other in the most beautiful way! My ultimate goal is to capture your love story in a creative and genuine way through beautiful, natural looking images for you and your family to enjoy for years to come.

I have been photographing weddings and couples for about 12 years and I couldn't imagine doing anything else!

- Jenn Thrower

what to expect

MY STYLE

Your wedding day is all about you - and my photographs will reflect that. I'm passionate about capturing your true love with a natural and candid feel on your special day. It's why I became a professional Wedding Photographer

in 2009. With my skills and expertise, I provide you with a collection of images that help you bring your wedding day to life again and again.

PAYMENT

There is a non-refundable reservation deposit that is required to secure your Wedding Date and this payment comes off the balance of your photography package. The amount of this deposit is dependant on the package you choose (see pages 10-11 for packages). You can pay as little or as much as you'd like leading up to your Wedding Day and you will receive receipts for each installment made towards your photography package. The remaining balance of your photography

package is due by 9PM of your Wedding Day.

We will meet before you sign the paperwork for a no-obligation consultation to get to know each other and go over any of these details so there are no surprises!

engagement SESSIONS

This is probably your first professional photo shoot as a couple and you're maybe feeling uncomfortable about being in front of a camera. Not to worry, this is a common feeling for most couples!

Engagement sessions are fun, informal and casual with an "in the moment" feel. It's the perfect way to get some great shots for your Save The Date cards and capture memories of this exciting time in your lives! The main goal of the engagement session is the opportunity for us to get to know each other better in a fun and relaxed atmosphere before your wedding day!

Engagement shoots are usually done in one location and are 30 minutes in length. We can discuss the location together and choose one that you have a special connection to or I can suggest a location for you.

OUTFITS

Your outfit can be as dressy or as casual as you'd like, it's all about being you! You're welcome to bring more than 1 outfit with you and maybe add a hat to change up the look of your photos too. Let's have fun with it! -
Maximum of 2 outfits.

WEDDING DAY TIPS

*"Photography is a way of feeling, of touching, of loving. What you have caught on film is captured forever... it remembers little things, long after you have forgotten everything".
- Aaron Giskind*

Here are a couple tips to remember when it comes to the morning of your big day.

BRIDE GETTING READY

Ideal Time Allotment: 60 - 120 min

At this time I'll be capturing moments between the Bride, bridesmaids and mothers while getting ready for your big day! I will also be photographing the bride's look along with bridal details. Please be sure to bring flowers, dress/veil, jewelry, shoes, invitations, perfume, etc.

GROOM GETTING READY

Ideal Time Allotment: 25 - 45 min

At this time I'll be photographing the final stages of the groomsmen getting ready along with the Groom's attire. Please be sure to bring a watch, cuff links, tie, suit, cologne, shoes and other details that are important to you.

FIRST LOOK **vs** DOWN THE ISLE

FIRST LOOK PRIOR TO THE CEREMONY

The first look is where the wedding couple have an intimate moment together before the ceremony to see each other for the first time dressed up for this momentous occasion! This is something you may want to consider if you'd like to spend more time with your guests during cocktail hour, get pre-ceremony jitters out before you walk down the isle or maybe you want to spend a couple minutes alone together before you say "I Do". It's a fantastic photo opportunity with no one else watching, how romantic!

Some other reasons you may want to consider doing a first look photo shoot prior to your ceremony; If your having a later ceremony and you maybe pressed for time with the lighting outdoors; If time is allocated, it would give you the opportunity to do the majority of your wedding party and couple photos prior to the ceremony so all that's left is family & friends; Or maybe you are nervous to show your emotions down the isle in front of your friends and family. The great thing is, your guests don't have to know you saw each other before the ceremony and their emotional reactions will still be the same!

CEREMONY FIRST LOOK

Make an entrance!! See your partner for the first time in front of your friends and family as you walk down the isle can spark so many reactions from everyone! It's beautiful and most traditionally done especially if this is how you dreamt your wedding day would go.... and it's how they do it in the movies! I will be capturing all those happy emotions from you and your partner as you walk down the isle to meet one another at the alter. After your ceremony is typically when we get right down to your family & friends photos followed by your wedding party and intimate couple photo session before your reception. Post Ceremony Photo Shoot Ideal Time Allotment: 120 min

DETAILS

When you're getting all glammed up, this is when we will do all the pretty detail shots of all the things you wear, important items, invitation suite, etc. Those might include:

RINGS | DRESS | SHOES | BOUQUETS | TIE | VOWS | JEWELRY

If you can have these items in each separate rooms - bridal suite & groom's room - that will make it easiest for us to make sure we capture all the details that are important to you.

PRO TIP | Bring a wooden hanger for your dress shots. This looks better than a plastic hanger.
